To Whom It May Concern:

I am writing to advise how pleased I was at the services rendered by OAS in general and Mr. Provder in particular in connection with a recent case that I was handling.

Mr. Provder's knowledge of the case filed was outstanding, his testing methodology solid and his conclusions valid and not overreaching.

I found Mr. Provder prepared for his oral deposition, having obviously read the file and prepared for the deposition, yielded to questions when necessary, but stayed true to his conclusions.

I will certainly utilize the services of OAS and Mr. Provder in the future, and I recommend his services to other attorneys.
